

## CCIP supports individuals seeking to obtain or expand their FCCH License or services.

All CCIP Participants who became newly licensed, re-opened, or expanded were offered:

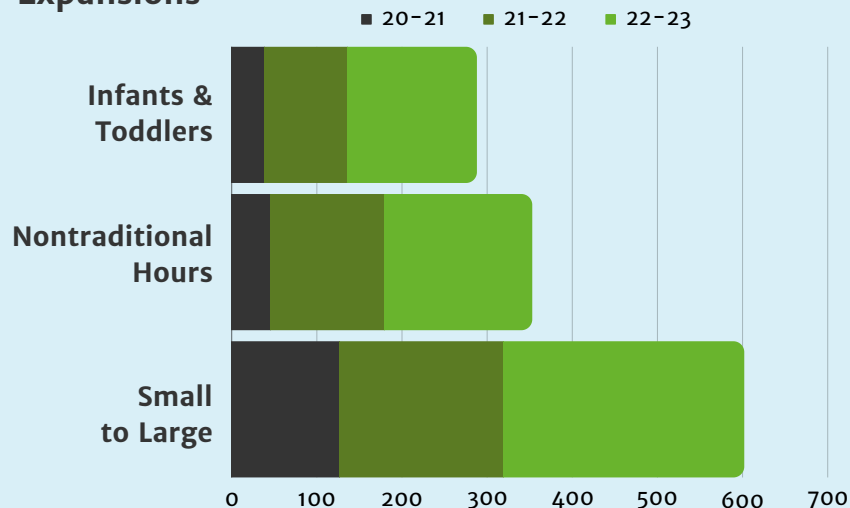

- A home visit to assist with CCL Pre-Licensing Inspection or changes related to expansion
- Incentives to help overcome barriers to the licensing or expansion process
- Technical Assistance

## Capacity Building

Total Re-opened FCCH during ARPA years  
**643**

## Expansions

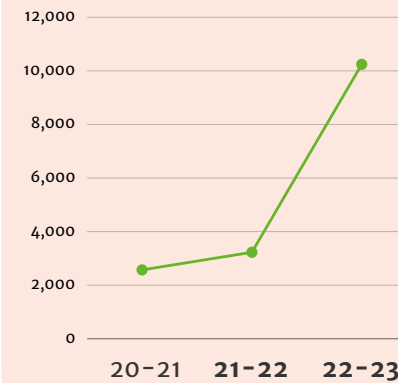

## Quality Improvement

TA/Coaching instances  
**480,689**

Home Visits  
**3,728**  
Office Visits  
**13,200**

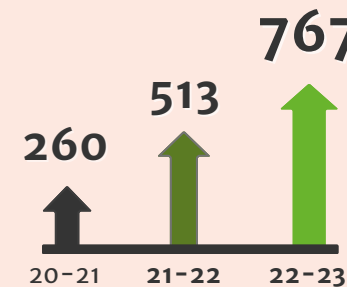

### CCIP Training Participants

An average of **1,316** LE/FFN Caregivers per year participated in CCIP quality improvement activities under ARPA

## Subsidy Recipients

Number of LE/FFN caregivers participating in CCIP who cared for at least one child receiving a child care subsidy during the FY

Data points were extracted from R&R FY 2020-21, 2021-22, 2022-23 year-end reports and compiled by the Network. CCIP is a quality improvement project of the California Department of Social Services.

In 2021, ARPA allocated **\$25 million** to CCIP to expand child care access and support home-based child care providers. With these funds, **CCIP increased access** to home-based child care for families and supported FCCH providers and LE/FFN caregivers in re-opening or continuing to provide care through stipends and other tangible supports. This unique opportunity to build upon CCIP's strengths and statewide reach by expanding targeted support **proved impactful** in retaining providers, supporting continuity of care for children, and strengthening communities.

## ARPA Stipends

Providers in **97%** of California RR service areas received stipends from ARPA funding with an average stipend amount of **\$2,324**

## ARPA Impact

*"If there was one word to describe what these funds provided to providers, it would be **HOPE** ... Hope that they can start off fully prepared to serve the community in a way they would never have been able to without the ARPA funds."*  
- CocoKids

*"Thanks to this money I was able to get my eye surgery and because of that I was able to stay open. I can't afford great insurance so it cost out of my pocket. So I and my family's thank you."*  
- Family Home Child Care Provider

## Network ARPA Expansion Support

Over the course of a three month outreach campaign, we connected more than **2,450** potential CCIP participants with **47** R&Rs.

Materials were translated into **7** additional languages
