

CHILD CARE INITIATIVE PROJECT (CCIP) FY 22-23

CCIP places an emphasis on recruiting, supporting, and providing professional growth opportunities to potential and existing home-based child care providers (licensed and exempt), with a focus on those who care for infants and toddlers and children whose families receive child care subsidies. CCIP began in 1985, and since 2002 has been implemented by child care resource and referral programs (R&Rs) across CA in all 58 counties.

CAPACITY BUILDING

FY 2022-2023 saw CCIP participants become licensed Family Child Care Home providers, expand their existing services, and re-open closed programs.

1,014

Newly Licensed FCCHs

195

Re-opened licensed FCCH

283 Expanded from small to large

173 Expanded to nontraditional hours

152 Expanded to serve infants & toddlers

QUALITY IMPROVEMENT

R&Rs improved the quality of FCCH and LE/FFN child care in California by providing technical assistance, coaching, training, and learning activities targeted to the needs of their providers and communities.

10,244
CCIP Participants completed CCIP Training

1,536
Unique Family, Friend, and Neighbor (FFN) Caregivers that participated in learning activities

2,361
Home Visits

237,687
TA/Coaching instances

7,418
Office Visits

CCIP & SUBSIDY RECIPIENTS

Providers who participated in CCIP cared for children and families receiving child care subsidy.

2,233

Number of FCCH Providers participating in CCIP who cared for at least one child receiving a child care subsidy during the FY.

767

Number of LE/FFN caregivers participating in CCIP who cared for at least one child receiving a child care subsidy during the FY.
