

Fiscal Year 2025 - 2026 Impacts

Since 1985, CCIP has strengthened California's home-based child care workforce through local R&R programs. Statewide since 2002, CCIP supports provider recruitment, development, and professional learning.

CCIP proudly serves both Licensed Family Child Care Home (FCCH) providers and License-Exempt/Family, Friend, and Neighbor (LE/FFN) caregivers.

Capacity Building

CCIP provided technical assistance to existing and prospective FCCH providers seeking to become licensed, expand care, or reopen closed programs.

1,519

CCIP participants received a new FCCH license

13,925

Estimated additional child care slots created in FY 24-25 across CA*

390

Expanded from small to large

443

Expanded to nontraditional hours

342

Expanded to serve infants & toddlers

136

Reopened a closed program

Quality Improvement

Through CCIP, R&R agencies strengthened home-based child care through technical assistance, coaching, training, and learning opportunities designed around provider and community needs.

379,321

TA/Coaching Instances

2,990
