

R&Rs Grow California's Child Care Supply

Child Care Resource & Referral (R&R) programs have been building licensed capacity, adding new spaces for children, and improving the quality of home-based care since 1985 through the **California Child Care Initiative Project (CCIP)**.

Impact of CCIP July 1, 2011 – June 30, 2018

4,903
New Family Child
Care Homes

Small Businesses
created, contributing
to California's
economy

660
Family Child Care
providers expanded
their license capacity
from small to large

Child Care keeps
parents earning,
children learning,
and businesses
thriving

43,184*
New Child Care Spaces

Out of 6,578,476 children ages
0-12 in CA, only 15% have a
licensed child care space available

*Spaces represent the maximum capacity for small (new) and large (expanded) family child care homes

R&R's

Child Care Resource & Referral

Since **1985**, Child Care Resource and Referral (R&R) programs have been implementing the **Child Care Initiative Project (CCIP)**. CCIP builds home-based licensed capacity and improves the quality of care.

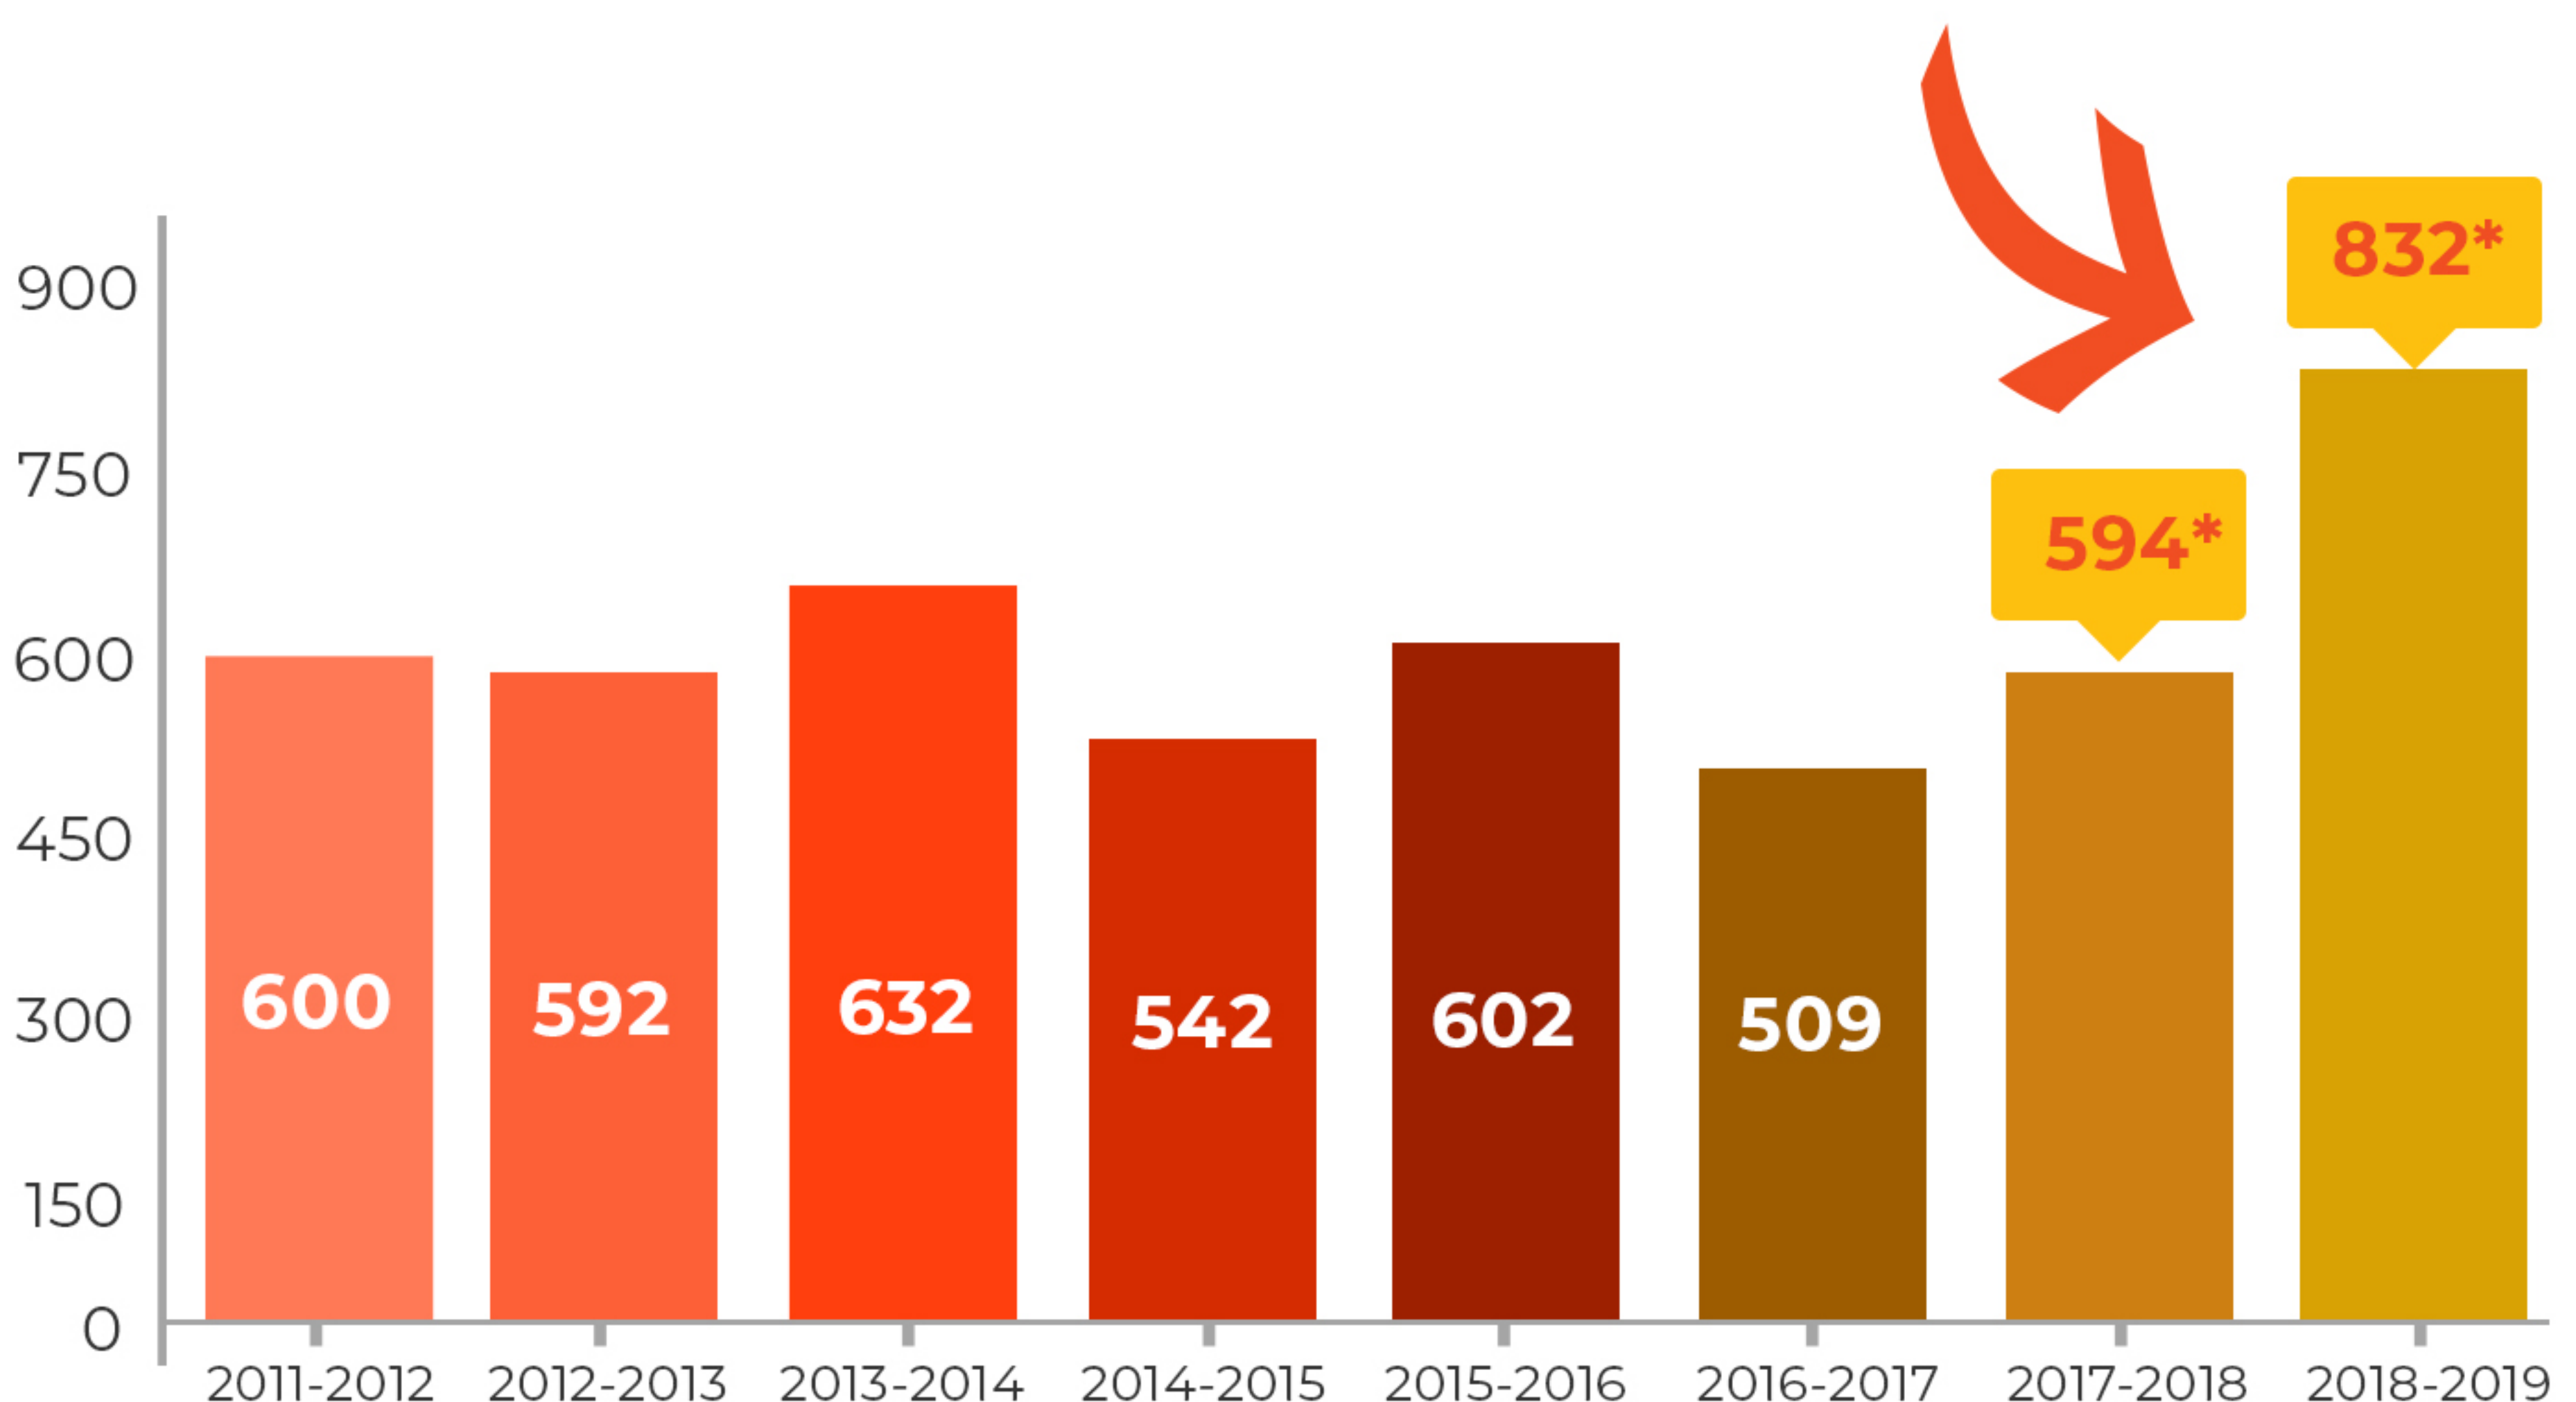

Child Care Initiative Project (CCIP)

California's Budget in both 2018-19 and 2019-20 allocated one-time federal Child Care and Development Funds to CCIP.

In Fiscal Year 2018-19, additional funding resulted in a **40% increase*** in the number of licensed family child care home (FCCH) spaces.

*40% increase in FCCH w/ Expansion Funds
