Tiers of Resource & Referral Services (Free)

- **Free services available for all CA residents:**
 - **Standard child care referrals:** An R&R referral is a list of child care programs from which a family may choose, as well as information regarding how to select child care services which will meet the needs of the parent(s) and the child(ren).
 - A referral is not a recommendation. R&Rs provide information to any person who requests a child care referral, regardless of income level or other eligibility requirements.
 - **MyChildCarePlan.org child care search tool:** Find child care providers near you.

Tiers of Resource & Referral Services (Paid)

- **Paid services available for all CA residents:**
 - **Enhanced child care referrals:** The R&R advisors will conduct a detailed search of programs that fit the criteria the parent is looking for and contact those programs to confirm space is available for the family's child(ren).

In these uncertain times, availability (or unavailability) of child care programs changes minute to minute. Some companies and organizations contract with R&Rs to provide enhanced referral services to their employees.

Tiers of Resource & Referral Services (Paid)

- **My Child Care Plan search widget:** Bring the M CCP search tool to your website to help your employees search for child care options anywhere in CA without leaving your company's platform. Ask us about co-branding options.
- *Note: The Employer-Provided Childcare Credit offers employers a tax credit up to \$150,000 per year to offset 10% of qualified child care resource and referral expenditures. [Learn more.](#)*
